Vessel Information

Description: Our 2004 Dyna 48 Flybridge is a magnificent one owner vessel that inspects exceptionally well. It has just been serviced, detailed & antifouled making it ready for it's next owner. It includes various upgrades including Canadian maple timber finish, special saloon table and quality carpet throughout.

The cockpit is a great entertainment area with teak flooring and a large table with plenty of seating.

Moving through the sliding doors into the saloon, you are greeted with a large wrap around

leather lounge and table, beautiful timber work and all of the comforts such as a pop up LCD TV (with surround sound) you would expect on a boat of this quality.

She sleeps a total of 5, the forward stateroom has a double with ensuite, a separate cabin has single bunks and the dinette converts into a single as well. There is a separate shower and toilet servicing the second cabin making this boat ideal for extended trips.

The galley features an electric cooktop, microwave and fridge/freezer and is extremely functional with the dinette located adjacent.

The flybridge is well equipped with Raymarine GPS, autopilot and sounder and doubles as a great entertainment area with comfortable seating. You can also choose to drive your new boat from the downstairs helm station.

Powered by twin 480 horsepower Volvo Penta engines, she cruises along at 20 knots with a top speed of 30 when asked. There's an 11 KVA

genset to keep the party rolling when you are away and a full service history for peace of mind.

Overall, this 48 Dyna is a cut above the rest and has been well looked after by her owner who is considering a larger vessel.
