Vessel Information

Description: Alexander Marine
Australia are proudly
presenting 'Born to
Battle' as central
agents.

This vessel was built as a
serious fishing vessel, and
is however well suited to
long range cruising as a
function of her extensive
equipment levels. Her
striking black hull makes
for an imposing vessel
anywhere she roams.

Twin 1950hp MTU's provide ample power for a good turn of speed whilst twin Onan Gensets take care of the onboard power requirements when afloat. Two Seakeeper Gyros are fitted for stabilization when underway, and importantly, at rest.

She is fitted with an extensive array of latest generation electronics, including many duplicated systems, and even a Furuno periscope sonar. Two Water makers provide suitable redundancy.

The expansive teak laid cockpit is perfect for fishing and entertaining, which is overlooked by an elevated mezzanine seating area. A hopper window connects the mezzanine area to the spacious and fully equipped aft galley.

The vessel features an extensive quantity of refrigeration throughout including in the galley, the flybridge and the cockpit bait freezer. Not to forget the all important Wine Fridge in the saloon. The spacious saloon area forward of the galley offers a dining

table to starboard, and an L-shaped seating area to port. A separate utility room adjacent the dining table houses the ships laundry facilities and provides yet more storage.

The enclosed flybridge offers a commanding all weather environment in which to operate the vessel. This area is equipped with a wet bar to starboard, complete with a wall mounted TV, and a L-shaped settee and coffee table to port. The sunroof will be a welcome addition in southern latitudes.

Lower deck accommodation consists of four cabins and an office. A day head is also located on the accommodation level close the saloon. The full beam mid-ship master features a king size bed, lounge to port and study desk to starboard. The spacious master cabin ensuite has timber window shutters and marble bench tops.

A large dedicated office is located portside forward of the day head. A double cabin, complete with ensuite, is located to starboard. Two twin guest cabins are located in the

bow which share a
bathroom and shower.

The Hi-lo hydraulic teak
laid swim platform is
another cruising friendly
feature of her
comprehensive
specification.

'Born To
Battle' is
professionally maintained
and inspection is highly
recommended.

Lying Gold Coast.
Inspection by
appointment. NOW
REDUCED!
